Education

Mansoura University

Bachelor of Science in Communications and
computer Engineering.

Faculty of Engineering, Mansoura University –
2021 – Expected 2026

GPA: 3.27 / 4.0

Currently pursuing a bachelor's degree with
focus on communication and computer
engineering.

Relevant Skills & Learning:

Skills

Technical Skills

Programming: C++, HTML, CSS, JavaScript
Networking: CCNA (in progress), NTI training
Cybersecurity: Penetration Testing (learning
phase), CTF preparation
Operating Systems: Linux, Windows
Tools & Platforms: VMware, Wireshark,
VirtualBox, basic command-line tools

Professional Experience

Student

Trainee – Digital Egypt Pioneers Program

Ministry of Communications and Information Technology (MCIT) – 2024

Gained foundational skills in areas such as cybersecurity, networking, and programming.

Trainee – National Telecommunication Institute (NTI)

Cairo, Egypt – 2023

Attended hands-on sessions on network configuration, communication protocols, and telecom
infrastructure.

Applied theoretical knowledge in real lab scenarios and simulations.

Self-Learning & Cybersecurity Practice

Remote / Online – Ongoing

Completed online courses on ethical hacking, penetration testing, and cyber defense strategies.

Preparing for CTF (Capture The Flag) competitions to improve real-world problem-solving in cybersecurity.
