Mohamed Nashaat

Network Engineer

Cairo, Egypt | +201001564034 | mohamednashaat424@gmail.com
LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Junior **Network Engineer** with hands-on experience in **enterprise routing**, **switching**, and **firewall configuration** across **Cisco** and **Fortinet** platforms. Experienced in designing and validating secure multi-site enterprise networks using **GNS3** and **FortiGate**, including failover testing. Skilled in troubleshooting, with growing skills in **NOC operations** and **Ansible automation**. Seeking a **Network Engineer**, **NOC Engineer**, or **Network Support** role where I can apply my networking and automation skills to keep enterprise networks secure and reliable

PROFESSIONAL EXPERIENCE

NOC Automation Trainee | National Telecommunication Institute (NTI) July 2026 – Present

- Training in Network Automation, NOC operations, and modern network infrastructure, covering Cisco CCNP-level **routing and switching (ENCOR/ENARSI)**: VLANs, OSPF, EIGRP, BGP, ACLs, NAT, and SD-WAN concepts.
- Hands-on practice with Python-based network automation, Ansible, Linux (Red Hat), virtualization, AWS fundamentals, and Network DevOps tools through labs and simulations.
- Working on a capstone project as part of the program

Network Trainee | Petrobel (Belayim Petroleum Company), Abu Rudeis, South Sinai September 2025

- Trained on data center infrastructure and **troubleshooting network issues**

Network Trainee | Gupco (Gulf of Suez Petroleum Company), Ras Shoker July 2025

- Trained on **enterprise network infrastructure** and fault troubleshooting

EDUCATION

Bachelor of Engineering – Communications and Computer — Mansoura University September 2021 – July 2026

- **Grade:** 3.27 / 4.00 (**Very Good**)
- **Graduation Project:** A+

ACADEMIC PROJECT

Secure and Resilient Enterprise Network – Graduation Project 2

- Designed and executed a secure multi-site enterprise network using GNS3 and FortiGate
- Validated security controls through connectivity and failover testing

Enterprise Network Infrastructure | GNS3 | OSPF | PAT | VLANs

- Configured PAT (NAT Overload) on border routers to enable all private hosts to share a single public IP, conserving address space and enforcing security
- Deployed OSPF as the dynamic routing protocol for automatic route advertisement and optimal path selection across all sites
- Enforced inter-VLAN routing using router-on-a-stick with 802.1Q trunking, and validated full Layer 2-to-Layer 3 operation through ARP analysis, ping, and traceroute testing

Engibedia – Graduation Project 1 | Educational Learning Platform

- Developed a full-stack e-learning platform with role-based access (Students, Instructors, Admins), video streaming, quizzes, and course enrollment

CERTIFICATIONS & COURSES

- **FortiGate Firewall** – Official exam voucher secured — In progress
- **FortiGate Firewall** – Fortinet Training Institute (Official Fortinet Course) — October 2026
- **Red Hat System Administration I (RH124)** – Self-Study — September 2026
- **Windows Server 2022** – Self-Study — February 2026
- **ITI Penetration Testing Bootcamp** – Information Technology Institute (ITI) — October 2025 – November 2025
- **Penetration Testing** – Cyber Talent, Online — May 2025 – September 2025
- **AWS Cloud Foundations** Certificate – Amazon Web Services — April 2025
- CCNA **(Enterprise Networking, Switching, Routing & Wireless Essentials)** – (NTI) — March 2025 – April 2025
- **Vulnerability Analyst / Penetration Tester** – Digital Egypt Pioneers Program (MCIT) — April 2024 – September 2024

TECHNICAL SKILLS

Routing & Switching: OSPF, EIGRP, BGP, MPLS, SD-WAN, VLANs, Inter-VLAN Routing, STP, HSRP, EtherChannel, VTP, VRF, Subnetting, TCP/IP, DHCP, NAT, ACLs

Network Services & Wireless: DNS, DHCP, Wireless LAN fundamentals

Security: FortiGate Firewall, Basic Network Security, Penetration Testing fundamentals

Vendors & Platforms: Cisco, Fortinet (FortiGate)

Network Infrastructure & Tools: GNS3, EVE-NG, Cisco Packet Tracer, VMware

Operating Systems: RHEL Linux, Windows Server

SOFT SKILLS

Analytical Thinking, Problem Solving, Communication Skills, Team Collaboration, Adaptability, Continuous Learning

LANGUAGES

Arabic: Mother tongue
English: Good

PERSONAL DETAILS

Gender	Male	**Date of Birth**	April. 13.2003
Nationality	Egyptian	**Place of Birth**	Gharbia, Egypt
Marital Status	Single	**Military Status**	Exempted
Driving License	Egypt
